BEAUMONT CARE

Warm-Hearted Care, Your Way

FROM OUR CHIEF OPERATING OFFICER

Colleen Noble

Lot's happening and Beaumont Care over the last month. We have had a lot of activity at the homes with many birthdays and celebrations. I hope you are all a 'friend' of Beaumont Care on Facebook where you will see many photos and updates of the happenings day to day.

MOUNT TAMBORINE Welcome to Maxine Heard Service Manager, Maxine has come to Beaumont Care as an experienced Manager and RN. We look forward to you all meeting Maxine and I am sure you will receive an invitation to morning tea over the next two weeks for Maxine to introduce herself to families as the residents and staff have had a few weeks to get to know Maxine. Vhenne has also joined the team at Tamborine Mountain. Vhenne is also an RN and will work closely with the registered staff team. Vhenne has relocated from Melbourne and has a lot of experience assisting and supporting residents.

KIPPARING We have seen a change in management at Kippa Ring with Suhki Bajwa stepping into the role of Acting Service Manager and Daniel Opacic stepping up as Clinical Nurse. Both Suhki and Daniel have been part of the Beaumont Care team for some years and all residents, families and staff are familiar with them both.

WAMURAN Karen Wockner has moved to the Wamuran Home as Service Manager. Beaumont Care are very excited to have Karen lead the team at Wamuran and she will bring fresh and diverse ideas for the residents. Karen had previous experience with those residents who transitioned from Rothwell to Wamuran and I know many of them are excited to be seeing Karen on a daily basis again.

CLONTARF Katie Morgan has also accepted the role of Service Manager at Clontarf with Karen's move to Wamuran. The Clontarf family are very familiar with Katie as she has been an RN at the home for over 12months and will be supported by Marnie in her role.

MANAGEMENT TEAM The appointment of Genevieve Verhoeff as Education Officer brings a strength of Beaumont Care knowledge to the role. Genevieve had previously worked as an RN and has happily taken on a new role to share her knowledge and expertise with all staff.

Finally, very exciting news has been the return of Krystell Harward to the Quality and Compliance role for the group - she has hit the ground running!!

Colleen

As we are entering into flu season, we are working hard to ensure the safety of our residents and GP's will be around to do their flu injections for our residents. All the families please send us consent form for flu injection asap so, GP will start with flu vaccination for our residents. Our all staff have already had their flu injections for this year. Just a reminder for all family members to provide a copy of their flu vaccination to the admin as required by legislation as it was Mandatory from the 30th May 2021. Please remember to check temperature and to fill in the entry screening tool at the reception.

STAFF MEMBER PROFILE

Beaumont Care's Safety Supervisor, Ian, shares some insight about himself and his role at Beaumont Care.

How long have you worked at Beaumont Care?

I originally started working at Rothwell Aged Care on Monday 3rd June 1996 under the old Skill Share government scheme. However, I officially became an employee with the company on the 1st Jan 1997.

What does your role entail?

My current role of employment with Beaumont Care is being the Safety Supervisor where I oversee the facility and staff safety as well as the fire safety. Additionally, I am the Return-to-Work Coordinator should a staff member require assistance in their return to work after being injured. I am also involved in the monitoring of the Food Safety Program for all our facilities and look after the company bus.

What do you enjoy most about your role?

Being of assistance to management, each of the facility managers, the residents and fellow staff members. I also enjoy doing the best that I can and being satisfied that I am putting a full effort into my work.

What do you enjoy most about working at Beaumont Care?

Being helpful, having the odd laugh or two.

What is your dream holiday?

I have never really had the travel bug and desire to travel overseas. However, probably a trip to the US, South America or even Antarctica.

What is your favourite food?

I like most food except seafood and fish. Although, I would have to say that my favourite food would most likely be pasta's, stir fry's, and anything with chicken.

What is your favourite colour?

Blue, brown and black.

What are your special interests?

Training at the gym, going to movies, and shopping.

Do you have any pets? If so, then tell us a bit about them.

Unfortunately, I don't have any pets as I don't have much spare time available, but if I did it would probably be a Guinea Pig. I also did have a budgie and Guinea Pig when I was a young boy.

Is there anything else interesting about you that you would like to share?

I'm actually pretty good artistically. I would also love to be involved in the Motion Picture Industry (not acting) more so with writing and production.

Welcome...

On behalf of all the
Beaumont Care family,
we warmly welcome

*Paul, Richard,
Cecil, Lenore
and Kaye*

Following an unstable childhood spent in foster homes and orphanages, she landed a job as a photographer's model which led to a movie career. She later married baseball legend Joe DiMaggio. Beneath her glamorous movie star looks she was fragile and insecure and eventually succumbed to the pressures of Hollywood life. She died in Los Angeles from an overdose of sleeping pills on August 5, 1962. Best known for *Gentlemen Prefer Blondes* (1953), *The Seven Year Itch* (1955), *Some Like It Hot* (1959).

June 4, 1944 - During World War II in Europe, Rome was liberated by the U.S. 5th Army, led by General Mark Clark. Rome had been declared an open city by German Field Marshal Albert Kesselring amid Allied concerns the Germans might stage a Stalingrad-style defence that would devastate the historic 'Eternal' city.

June 5, 1783 - The first sustained flight occurred as a hot-air balloon was launched at Annonay, France, by brothers Joseph and Jacques Montgolfier. Their 33-foot-diameter globe aerostatique ascended about 6,000 feet. In September, they repeated the experiment for King Louis XVI, using a sheep, rooster and duck as the balloon's passengers.

Thus ended 23 years of warfare between France and the other powers of Europe. Napoleon was then sent into exile on the island of St. Helena off the coast of Africa. On May 5, 1821, the former vain-glorious Emperor died alone on the tiny island, abandoned by everyone.
