BEAUMONT CARE

Warm-Hearted Care, Your Way

A MESSAGE FROM LINDA BEAUMONT

I have been driven by the excitement of business for so many years, but I am now starting to understand what fortunate others enjoy when we take special time out for ourselves and our loved ones. I am relishing my 'Linda time', a rare and guilty pleasure for me!

From here on, Beaumont Care's Director, my friend, lawyer, and colleague of many faithful years, Michael Goss, has agreed to my request that he head up the company's governance, reinforced and supported by our talented Chief Executive, Elise Wardell, and her management team who are making and planning many exciting changes. These dedicated people are well known to many of you, our residents and caring staff. We share a bright company future full of promise, safety, determination and perhaps in time – growth. These are set in stone for all to see.

My personal mantra of "I'll never retire" was possibly misguided – "Did I really say that out loud?"; I am sincerely thrilled to report to you all - taking time out for this health moment has been just the ticket for me, reflecting upon a spectacularly fulfilling life, including with you all – my dear personnel who drive Beaumont Care forward every day, our beautiful residents and their families.

Please do continue extending genuine warmth and every courtesy to the people who assist you daily, making your choice of Beaumont Care as your home or workplace ring true and meaningful for you with joy. Michael, Elise, and my wonderful team - alas for you....it's back to the grindstone – there is much to be done!

Lots of love,
Linda

FROM THE SERVICE MANAGER

Hello to all our Residents/Families & Significant others,

It's hard to believe that nearly the first half of the year is almost gone!

With the colder months ahead of us now is the time we need to ensure that our residents have adequate warm clothing and footwear. We ask that family members please check with their loved ones to see if they require any more winter clothing. Mother's Day is fast approaching, and this could be a chance to spoil Mum with some winter woollies.

We have international Nurses Day on 12 May 2023, and we are planning a morning tea with staff and residents - family are more than welcome to join us.

As always if you have any feedback, please feel free to drop in and see any of the staff, Clinical Nurse - Kathryn or myself, or complete a feedback form which are available at admin. You can also choose to email or utilize the customer feedback tab on the Beaumont Care website.

Thank you for being a part of the wonderful family here at Wamuran. If you have any questions or feedback, please come and see me for any assistance, support or comfort - or don't hesitate to call on me at any time.

Please take care,
Karen

GETTING TO KNOW OUR RESIDENTS

Jim Vaughan

Jim was an adventurous and cheeky child. Spending some of his years on a property with his parents, older sister Grace and older brother John near to Gundiah, Qld. He used to help his future brother-in-law, Fred (who married Jim's sister Grace) on the neighbouring property milk cows before school.

Jim attended Maryborough High School and he made a mark locally due to his football talents.

Jim met his first wife Robyn at Maryborough and it is often said that Robyn fell for Jim, as in his late teens he had the looks and charms of a young Elvis Presley.

They were young parents and went on to have one daughter, Joanne, and three sons together (Jimmy, Jason and John). Jim also has three other children with other partners, including Julieann, Jessa (when a businessman in Florida, USA), and Jeffrey.

Jim lived across three states and territories within Australia and owned many businesses, including a pub, The Westwood Hotel, in Qld. Later moving to Florida, USA where he owned businesses and was a boxing trainer for a World Heavyweight professional Boxing Champion. At that time his son John and daughter Julieann lived in America with him.

Jim returned to Australia before the millennium, where he has eight grandchildren living in Australia.

Jim has always had a love for animals. Including horses, chooks and trained hunting dogs. His most loved dog was Bluey.

In sum, Jim has a great deal to be proud of. He has always remained the joker and prankster, making his friends and family laugh.

Management and staff offer our deepest sympathy and condolences
to the family and friends of

Barbara Callum, Ruth Sampson, & Shirley Sellars

Community is at the heart of LuvaBerry

Community is at the heart of LuvaBerry; whether it's opening our gates to the public, collaborating with local artisans, or donating five acres of land to the Mini Farm Project that grows food for charity, we strive to create a positive farming culture that gives back.

LuvaBerry aims to respect the land and its people. That's why we support farming practices that encourage low waste habits, like our freeze-dry initiative and our exploration of biodegradable punnets.

We believe we've cultivated something special, and we're inviting you to experience it for yourself.

We're more than a berry farm

LuvaBerry has been operating for nearly two decades. What once began as strawberries has now evolved into a multi-crop farm, growing everything from strawberries to herbs and native finger limes.

THIS MONTH IN HISTORY

May

SYMBOLS OF MAY

- May's birthstone is the emerald.
- May's birth flowers are the Lily of the Valley and the Crataegus monogyna.
- The zodiac signs for the month of May are Taurus (until May 19) and Gemini (May 20 onwards).

HISTORY

May is the fifth month of the year in the Julian and Gregorian calendars and the third of seven months to have a length of 31 days. May (in Latin, Maius) was named for the Greek Goddess Maia, who was identified with the Roman era goddess of fertility, Bona Dea, whose festival was held in May.

May 1st - Observed as May Day, a holiday and spring festival since ancient times, also observed in socialist countries as a workers' holiday or Labor Day

May 4, 1494 - During his second journey of exploration in the New World, Christopher Columbus discovered Jamaica.

May 6, 1937 - The German airship Hindenburg burst into flames at 7:20 p.m. as it neared the mooring mast at Lakehurst, New Jersey, following a trans-Atlantic voyage. Thirty six of the 97 passengers and crew were killed. The inferno was caught on film and also witnessed by a commentator who broke down amid the emotional impact and exclaimed, "Oh, the humanity!" The accident effectively ended commercial airship traffic.

May 7, 1945 - In a small red brick schoolhouse in Reims, Germany, General Alfred Jodl signed the unconditional surrender of all German fighting forces thus ending World War II in Europe. Russian, American, British and French ranking officers observed the signing of the document which became effective at one minute past midnight on May 9th. Jodl was then ushered in to see Supreme Allied Commander, General Dwight D. Eisenhower, who curtly asked Jodl if he fully understood the document. Eisenhower then informed Jodl that he would be held personally responsible for any deviation from the terms of the surrender.

May 10, 1994 - Former political prisoner Nelson Mandela was inaugurated as president of South Africa. Mandela had won the first free election in South Africa despite attempts by various political foes to deter the outcome.

May 12, Birthday - British nurse and public health activist Florence Nightingale (1820-1910) was born in Florence, Italy. She volunteered to aid British troops in Turkey where she improved hospital sanitary conditions and greatly reduced the death rate for wounded and sick soldiers. She received worldwide acclaim for her unselfish devotion to nursing, contributed to the development of modern nursing procedures, and emphasized the dignity of nursing as a profession for women.

May 14, 1796 - Smallpox vaccine was developed by Dr. Edward Jenner, a physician in rural England. He coined the term vaccination for the new procedure of injecting a milder form of the disease into healthy persons resulting in immunity. Within 18 months, 12,000 persons in England had been vaccinated and the number of smallpox deaths dropped by two-thirds.

May 20, 1932 - Amelia Earhart became the first woman to fly solo across the Atlantic. She departed Newfoundland, Canada, at 7 p.m. and landed near Londonderry, Ireland, completing a 2,026-mile flight in about 13 hours. Five years later, along with her navigator Fred Noonan, she disappeared while trying to fly her twin-engine plane around the equator.

May 31st, Birthday - American poet Walt Whitman (1819-1892) was born in Long Island, New York. His poem Leaves of Grass is considered an American classic. His poetry celebrated modern life and took on subjects considered taboo at the time.
