BEAUMONT CARE

Warm-Hearted Care, Your Way

FROM THE SERVICE MANAGER

Hello to all our Residents, families, and significant others,

It's hard to believe that we are more than a quarter into the year already.

With the colder months ahead of us, now is the time we need to ensure that our Residents have adequate warm clothing and footwear. We ask that family members please check with their loved ones to see if they require any more winter clothing.

Mother's Day is fast approaching, and this could be a chance to spoil Mum with some winter woollies.

We have international Nurses Day on 12 May 2024 (Sharing with Mother's Day this year), and we are planning a morning tea with staff and Residents on Monday the 13th May, - family are more than welcome to join us.

As always if you have any feedback, please feel free to drop in and see any of the staff, Clinical Nurse Jessie, or myself, complete a feedback form which are available at admin. You can also choose to email or utilise the customer feedback tab on the Beaumont Care website.

Thank you for being a part of the wonderful family here at Wamuran. If you have any questions or feedback, please come and see me for any assistance, support or comfort - or don't hesitate to call on me at any time.

Take care, always,

Karen

FROM THE CLINICAL TEAM

May the force be with you,

Can you believe we're one month away from being halfway through the year? Already?! It's crazy how quickly this year is going! It will be Christmas again before we know it.

It is with sadness that we announce Molly has moved on from Beaumont Care, we wish her well in all her future endeavours.

Bec will be assisting myself in the role of Assistant Clinical Nurse, until she completes her Bachelor in Nursing at the end of year, where she will then step into the role of Clinical Nurse. Bec has worked in Aged Care and within acute hospital settings where she has gained a range of knowledge and skills. Feel free to pop in and meet Bec when you are next in!

We have completed our Influenza vaccine clinic. If you would like your loved one to have the vaccine, please send us an email.

We will also be completing another COVID-19 booster clinic within the upcoming months and will send out more correspondence relating to this.

Bec and I are always here if you have any questions or concerns regarding your loved one, our doors are always open, and we welcome your feedback.

Jess and Bec

GETTING TO KNOW OUR RESIDENTS

Dot Thomson

We have a few Dorothys with us here at Wamuran, but this month is all about Dot T. Dot was born in Brisbane and grew up in Spring Hill, she's a Queenslander through and through. During the war, Dot proudly worked as a nurse stationed in Australia. Later Dot worked as a supervisor for a window company. Family is a big part of Dot's life, with 2 children, 5 grandchildren, and 10 great grandchildren to keep her busy. Dot loves any excuse to get together with her family but special occasions such as Christmas are her favourite.

These days Dot enjoys the quiet life, if she's not relaxing with a good word search and a coffee, you might find her testing her brain at word games, winning prizes at bingo or making something beautiful during art and craft.

Management and staff offer our deepest sympathy and condolences
to the family and friends of

Beverley Kelly, and Brian Ward

THIS MONTH IN HISTORY

May

SYMBOLS OF MAY

- May's birthstone is the emerald.
- May's birth flowers are the Lily of the Valley and the Crataegus monogyna.
- The zodiac signs for the month of May are Taurus (until May 19) and Gemini (May 20 onwards).

HISTORY

May is the fifth month of the year in the Julian and Gregorian calendars and the third of seven months to have a length of 31 days. May (in Latin, Maius) was named for the Greek Goddess Maia, who was identified with the Roman era goddess of fertility, Bona Dea, whose festival was held in May.

May 1st - Observed as May Day, a holiday and spring festival since ancient times, also observed in socialist countries as a workers' holiday or Labor Day

May 4, 1494 - During his second journey of exploration in the New World, Christopher Columbus discovered Jamaica.

May 6, 1937 - The German airship Hindenburg burst into flames at 7:20 p.m. as it neared the mooring mast at Lakehurst, New Jersey, following a trans-Atlantic voyage. Thirty six of the 97 passengers and crew were killed. The inferno was caught on film and also witnessed by a commentator who broke down amid the emotional impact and exclaimed, "Oh, the humanity!" The accident effectively ended commercial airship traffic.

May 7, 1945 - In a small red brick schoolhouse in Reims, Germany, General Alfred Jodl signed the unconditional surrender of all German fighting forces thus ending World War II in Europe. Russian, American, British and French ranking officers observed the signing of the document which became effective at one minute past midnight on May 9th. Jodl was then ushered in to see Supreme Allied Commander, General Dwight D. Eisenhower, who curtly asked Jodl if he fully understood the document. Eisenhower then informed Jodl that he would be held personally responsible for any deviation from the terms of the surrender.

May 10, 1994 - Former political prisoner Nelson Mandela was inaugurated as president of South Africa. Mandela had won the first free election in South Africa despite attempts by various political foes to deter the outcome.

May 12, Birthday - British nurse and public health activist Florence Nightingale (1820-1910) was born in Florence, Italy. She volunteered to aid British troops in Turkey where she improved hospital sanitary conditions and greatly reduced the death rate for wounded and sick soldiers. She received worldwide acclaim for her unselfish devotion to nursing, contributed to the development of modern nursing procedures, and emphasized the dignity of nursing as a profession for women.

May 14, 1796 - Smallpox vaccine was developed by Dr. Edward Jenner, a physician in rural England. He coined the term vaccination for the new procedure of injecting a milder form of the disease into healthy persons resulting in immunity. Within 18 months, 12,000 persons in England had been vaccinated and the number of smallpox deaths dropped by two-thirds.

May 20, 1932 - Amelia Earhart became the first woman to fly solo across the Atlantic. She departed Newfoundland, Canada, at 7 p.m. and landed near Londonderry, Ireland, completing a 2,026-mile flight in about 13 hours. Five years later, along with her navigator Fred Noonan, she disappeared while trying to fly her twin-engine plane around the equator.

May 31st, Birthday - American poet Walt Whitman (1819-1892) was born in Long Island, New York. His poem Leaves of Grass is considered an American classic. His poetry celebrated modern life and took on subjects considered taboo at the time.
