FROM THE SERVICE MANAGER

Dear Staff, Residents, and Representatives,

I would like to share an update on the ARIIA Project. The survey, observations, and our first co-design workshop have now been completed. A heartfelt thank you to everyone who participated and shared views through the survey. Your input will greatly assist us in redesigning and strengthening our workforce.

To ensure all residents' privacy and dignity, I kindly remind all visitors to please be mindful when taking photos of your loved ones. We request that no photos/ audio or videos be taken of other residents without their consent during your visit.

In terms of improvements to our facility, we will soon be replacing the carpets throughout the building. This upgrade will provide a fresh new look and create an even more welcoming home for our residents.

Reminder: Annual Residents' Experience Survey (RES) 2025 has been scheduled for 10th October 2025.

As always, my door is open. Please feel free to share any feedback or suggestions that could help us continue improving our home and the care we provide.

I look forward to connecting with you again in next month's newsletter.

Thank You,

Sukhji

STRENGTHENED QUALITY STANDARDS

From 1 November 2025, the Quality Standards will be strengthened under the new Aged Care Act.

The Aged Care Quality Standards define what quality care in aged care services looks like and set clear expectations for aged care providers to:

- respect your rights
- treat you with dignity and respect
- value your identity, culture and diversity
- give you choices and involve you in decision-making
- give you understandable information
- help you to connect with your community.
- Involve you in your care

Strengthened Quality Standards mean your provider must involve you in your care and should:

- listen to your feedback and concerns
- give you choice in the way your care is delivered to meet all your needs, goals and preferences
- give you information about your funded aged care services
- make sure the people involved in your care are the right people to provide your care
- maintain clean, safe and comfortable environments
- make sure your food is tasty and nutritious, and give you choice about what and how much you eat and drink
- plan for emergencies to keep you safe
- keep your information safe and private.

For more information about the strengthened Quality Standards, go to www.health.gov.au/resources/videos/aged-care-quality-standards

Papua New Guinea Independence Day

On 16 September residents and staff at Kippa Ring celebrated 50 years of independence of Papua New Guinea. Activities include an information session, wearing black, red and yellow - PNG's national colours.

Residents Barbara and Tony who lived in PNG for several years showed their beautiful hand crafted wooden artifacts.

Team member Christine, family, and friends came in traditional dance costumes, performing some traditional dance with all in attendance. The day was rounded off with a morning tea, where residents sampled some traditional PNG foods.
