

Beaumont Care - Peninsula

The staff at Peninsula are committed to personalised services, a particular focus of the Director of Nursing, who has been an integral part of the organisation for over twenty years.

Located at Kippa-ring, Peninsula Care is within walking distance to a private hospital and specialist medical centre and very close to a large public hospital. Peninsula Care is also close to a major shopping centre. We are close to the sea and capture the sea breezes.

Everyone comments on our friendly and family like environment. The facility offers 80 places to persons who are classified as 'high care' via an assortment of single, double and multi-bed rooms. Residents are not required to pay a Bond to enter this service.

Recognizing that many elderly have a pet at home, Beaumont Care welcomes residents' pets into Peninsula Care. Other residents and our staff also love this contact.

Registered Nurses offer 24 hour care and support for residents, complemented by Enrolled Nurses, Assistants in Nursing, Hospitality, Activity, Gardening and Maintenance staff.

A staff Chaplain, Physiotherapist and Massage Therapist ensures consistent, quality care for residents from personnel who are known and familiar to them. General Practitioners and supporting Therapists (Dietician, Podiatrist, Speech Pathologist), ensure that residents receive an optimum level of care which meets all of their needs.

Delicious cooking daily fills the facility which provides cook-fresh meals, enticing residents' appetites.

Laundry services are also provided on site.

The facility sports two internal courtyards which provide attractive surrounds and seating areas for residents and their relatives/friends to gather.

A varied Activity Program ensures that residents are engaged in meaningful activities which reflect their interests, skills and experiences.

An extensive staff education program is provided to ensure that staff knowledge and skills reflect the needs of the residents for best practice care and services.
